

**Armenian Course of Study**  
**Montessori Class**

The course of study of the Montessori 5-6 year-old child includes the following:

1. Introduction to the Armenian language through common phrases, poems, stories and songs.
2. Teaching commonly used vocabulary: furniture, clothing, food, fruits, vegetables, animals, etc.
3. Teaching short sentences through pictures, movement and acting.
4. Teaching of Armenian alphabet sounds without emphasis on letters that have similar didactic materials.
5. Development of Armenian handwriting through picture coloring and tracing.
6. Learning how to write first name.
7. Reading of one-syllable words phonetically.
8. Reading from Montessori level Armenian text books.
